

AC²MP2022

Asia-Pacific Conference on Condensed Matter Physics 2022

November 21-23, 2022

Lecture Hall, Institute for Materials Research, Tohoku University
Katahira 2-1-1, Aoba-ku, Sendai, 980-8577, Japan

Topics

1. Applications of Extreme Conditions for Condensed Matter Physics
2. Quantum Beam Applications in Condensed Matter Physics
3. Topology Related Phenomena in Matters

Format: Hybrid (Mainly onsite(Q&A in on site) and broadcasting for registered participant

Organizing Committee

J.-G. Park (Seoul National Univ.)
H. Nojiri (Tohoku Univ.)
S. M. Yusuf (Bhabha Atomic Research Centre)
Y.-P. Chiu (National Taiwan Univ.)
K.-Y. Choi (Sungkyunkwan Univ.)
F.-C. Chuang (National Sun Yat-Sen Univ.)
L. Lu (The Institute of Physics, CAS)
V. Nalal (Tata Institute of Fundamental Research)
T. Sakai (Univ. of Hyogo)
H.-H. Wen (Nanjing Univ.)

Local Organizing Committee

M. Kimata (Tohoku Univ.)
S. Kmura (Tohoku Univ.)

Program Committee

H. Nojiri (Tohoku Univ.)
D. Feng (Univ. of Science and Technology of China)
V. G. Achanta (Tata Institute of Fundamental Research)
Y. J. Kao (National Taiwan Univ.)
T.-H. Kim (POSTECH)
C.-W. Luo (National Yang-Ming Chiao-Tung Univ.)
Y. Matsuda (Univ. Tokyo)
S. Narasimhan (Jawaharlal Nehru Centre for Advanced Scientific Research)
C.-H. Yang (KAIST)
S. Zhou (Tsinghua Univ.)

Sponsors

Global Institute for Materials Research Tohoku University

Asia Pacific center for theoretical physics

High Magnetic Field Collaboratory, Japan

High Magnetic Forum Japan

Center for Neutron Science for Advanced Materials

Center for Advanced Light Source and Materials Science
